Message from our CEO

We are all very proud and excited to present our biggest and best catalogue so far, ONE Light 2020 – Edition 1.

On behalf of the entire ONE Light team, I would like to take this opportunity to welcome all our new customers to our distribution network.

In 2019, we expanded our global presence by starting cooperation with partners in 14 new countries. Our products are now present in South America and Australia. It gives us great pleasure to see new partners trusting us and seeing our existing partners growing with us.

During this past year, we also upgraded our website and our B2B portal, giving our partners and their customers quick access to our products and their characteristics. Obtaining data sheets, IES files, installation manuals, CE certificates as well as checking the stock availability has never been easier.

In addition, we have introduced more than 600 new item codes, new designs, and new ideas.

In year 2020, we plan to improve our website further by introducing an E-shop and order system for all our registered customers.

We thank you for your ongoing support and your trust in ONE Light. We are dedicated more than ever to continue the hard work in order to provide the best possible quality in products and services.
